Report Pursuant to Rule 17a-5 (d)

Financial Statements

For the Year Ended December 31, 2022

Hudson Capital Advisors BD, LLC
Notes to Financial Statements
December 31, 2022

Note 1 – Organization and Nature of Business

Hudson Capital Advisors BD, LLC (the “Company”), was formed as a Delaware limited liability company on December 4, 2003. The Company is registered as a broker-dealer in securities registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority, Inc. (FINRA). The Company’s primary business activities include providing merger and acquisition advisory services, financial advisory services, and restructuring services to small and middle market companies.

The Company was a wholly owned subsidiary of Hudson Capital Advisors, LLC (the “Former Parent”). Effective July 1, 2009, BIR, LLC (the “Parent”), a company affiliated with a member of the Former Parent, acquired all of the Company’s membership interests from the Former Parent. Subsequently BIR, LLC was eliminated and the member of the Former Parent, which owned 100% of BIR, LLC, currently owns directly 100% of Hudson Capital Advisors, LLC.

As a limited liability company, the member is not personally liable for any of the debts, obligations, losses, claims, or judgments on any of the liabilities of the Company whether arising in tort, contract, or otherwise, except as provided by law.

Note 2 – Significant Accounting Policies

Basis of Presentation

The Company conducts the following types of business as a securities broker-dealer, which comprises several classes of services, including:

- Private placements of securities
- Financial Advisor and Agent – banking, mergers & acquisitions

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Hudson Capital Advisors BD, LLC
Notes to Financial Statements
December 31, 2022

Note 2 – Significant Accounting Policies (continued)

Revenues - Adoption of ASC Topic 606 Revenue from Contracts with Customers

On January 1, 2019, the Company adopted ASC Topic 606, *Revenue from Contracts with Customers* (“Topic 606”) using the modified retrospective method applied to those contracts which were not completed as of January 1, 2019. Results of reporting periods beginning after January 1, 2019 are presented under Topic 606, while prior period amounts are not adjusted and continue to be reported in accordance with our historic accounting under Topic 605.

There was no impact to retained earnings as of January 1, 2021, or to revenue for the year ended December 31, 2022, after adopting Topic 606, as revenue recognition and timing of revenue did not change as a result of implementing Topic 606.

Revenue recognition – Revenues are recognized when control of the promised services is transferred to the customers, in an amount that reflects the consideration the Company expects to be entitled to in exchange for those services. Revenues are analyzed to determine whether the Company is principal (i.e. reports revenues on a gross basis) or agent (i.e. reports revenues on a net basis) in the contract. Principal or agent designations depend primarily on the control an entity has over the product or service before control is transferred to a customer. The indicators of which party exercises control include primary responsibility over performance obligations, inventory risk before the good or service is transferred and discretion in establishing the price.

Advisory and consulting fees are recognized as the related services are rendered. Nonrefundable retainers are recognized as received. Transaction (placement) fees are recognized upon the successful execution of the Contract. Management Fees are recognized as per the payment schedule established by the agreement with the client.

Fees Earned (Investment Banking Fees; M&A Advisory) includes the following:

Fees Income – Placement fee income is earned from providing private placement. Revenue is recognized when earned, either by fee contract or the success of a predetermined specified event, and the income is reasonably determinable and collectability assured. Management Fees are recognized as per the payment schedule established in the agreement with the client.

Consulting Income – Advisory fee and consulting fees.

Hudson Capital Advisors BD, LLC
Notes to Financial Statements
December 31, 2022

Note 2 – Significant Accounting Policies (continued)

Leases – in February 2016, the FASB issued ASU 2016-02, "Leases" that requires for leases longer than one year, a lessee to recognize in the statement of financial condition a right-of-use asset, representing the right to use the underlying asset for the lease term, and a lease liability, representing the liability to make lease payments. The accounting update also requires that for finance leases, a lessee recognize interest expense on the lease liability, separately from the amortization of the right-of-use asset in the statements of earnings, while for operating leases, such amounts should be recognized as a combined expense. In addition, this accounting update requires expanded disclosures about the nature and terms of lease agreements. The accounting update is effective for fiscal years beginning after December 15, 2018 (January 1, 2019 for the Company) under a modified retrospective approach and early adoption is permitted. The Company has reviewed the new standard and does not expect it to have a material impact to the statement of financial condition or its net capital

Income Taxes

The Company is a single member limited liability company and is treated as a disregarded entity for income tax purposes. As such, the Company's operations are reported on the tax returns of its member, who is responsible for any taxes thereon.

Therefore, no provision or liability for federal income taxes is included in these financial statements. The State of California has a similar treatment, although there exists a provision for a gross income tax and a minimum Franchise Tax of \$800. The accounting principles generally accepted in the United States of America provide accounting and disclosure guidance about positions taken by an organization in its tax returns that might be uncertain. Management has considered its tax positions and believes that all of the positions taken by the Company in its Federal and State organization tax returns are more likely than not to be sustained upon examination. The Company is subject to examinations by U.S. Federal and State tax authorities from 2019 to the present, generally for three years after they are filed.

Depreciation

Depreciation is provided on a straight-line basis using estimated useful lives of five to ten years. Leasehold improvements are amortized over the lesser of the economic useful life of the improvement or the term of the lease.

Note 3 – Fair Value

Unless otherwise indicated, the fair values of all reported assets and liabilities that represent financial instruments (none of which are held for trading purposes) approximate the carrying value of such amounts.

Notes to Financial Statements December 31, 2022

Note 4 – Investments

During the year, the Company invested in client's fund. This investment was recognized as fees income and the investment transfer the same day to registered representatives and recognized as commission expense. No gains or losses were incurred in this transaction.

Note 5 – Related Party Transactions

During the year ended December 31, 2022, an affiliated company provided administrative services to the Company for a total of \$6,000 based on the expense sharing agreement. The Company also shares office space with this affiliated company.

Note 6 – Concentration of Risk

Amounts held in financial institutions occasionally are in excess of the Federal Deposit Insurance Corporation and Securities Investor protection Corporation limits. The organization deposits its cash in high quality financial institutions, and management believes the organization is not exposed to significant credit risk on those amounts.

Note 7 – Commitments, contingencies or guarantees.

The Company has no commitments, no contingent liabilities, and has issued no guarantees that might result in a loss or future obligations. Contingencies could arise in the normal course of business, and the Company could be subject to lawsuits or arbitrations related to its activities. The Company seeks to minimize any risks associated with its activities and the activities of any licensed representatives through policies, procedures, and supervision. While the Company has exposure to risks in its normal course of business, there are no material unrecorded or undisclosed commitments or contingencies, and the Company is not involved in or aware of any pending litigation or arbitration as of December 31, 2022.

Note 8 – Net Capital Requirement

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1.

At December 31, 2022, the Company had net capital of \$114,638 which was \$104,125 in excess of its required net capital of \$10,513. The Company's net capital ratio was .014 to 1.

Note 9 – Income Taxes

The Company is a single member limited liability company and is treated as a disregarded entity for federal income tax purposes. As such, the Company's operations are reported on the tax returns of its member, who is responsible for any taxes thereon.

Notes to Financial Statements
December 31, 2022

Note 10 – Exemption from the SEC Rule 15c3-3

The Company is a “non-covered” firm pursuant to Footnote 74 to SEC Release 34-70073 and is therefore not subject to SEA Rule 15c3-3 for the most recent fiscal year ended December 31, 2022. The Company represents that it has not held customer funds or securities, did not carry accounts of or for customers and did not carry broker-dealer proprietary accounts as defined in Exchange Act rule 15c3-3. The Company limits its business activities to private placements of securities on a best efforts basis only and corporate finance and other investment banking advisory services.

Note 11 – Leases

The Company shares office space with an affiliated company (see Note 4) which is on a month to month basis. Rent expense is included in the shared expenses.

Note 12 – Prior Year Adjustment

Management discovered at the end of 2021 that certain revenue was generated from Transaction fees instead of management fees. Transaction (placement) fees are recognized upon the successful execution of the Contract whereas Management Fees are recognized as per the payment schedule established by the agreement with the client. Therefore a prior year adjustment of \$603,166 was reported as Prior Year Income to Member’s Equity and reported as Accounts Receivable on the Balance Sheet. Since Accounts Receivable is a non-allowable asset, there is no change in the Company’s Net Capital computation for the year ended December 31, 2022.

Note 13 – Subsequent Events

Management has reviewed the results of operations for the period of time from its year end December 31, 2022 to March 31, 2023, the date the financial statements were available to be issued, and has determined that no adjustments are necessary to the amounts reported in the accompanying financial statements nor have any subsequent events occurred, the nature of which would require disclosure.

Hudson Capital Advisors BD, LLC
Schedule II – Determination of Reserve Requirements

Hudson Capital Advisors BD, LLC's management is responsible for compliance with exemption provisions and its statements.

My review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Hudson Capital Advisors BD, LLC's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, I do not express such an opinion.

Based on my review, I am not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the Company's business activities contemplated by Footnote 74 of SEC Release No. 34-70073 adopting amendments to 17 C.F.R. § 240.17a-5, and related SEC staff Frequently Asked Questions.
