**1. Nature of Operations, Basis of Presentation, Summary of Significant Accounting Policies and New Accounting Standards**

**Nature of Operations**

Lincoln Financial Distributors, Inc. (“LFD” or the “Company,” which also may be referred to as “we,” “our” or “us”) is a registered broker-dealer that is engaged in the business of wholesaling and marketing financial services products, such as mutual funds, variable life insurance, and variable annuities through financial intermediaries, such as stock brokerage firms, banks, and independent insurance agencies. LFD also receives commissions from affiliated insurance companies via intercompany transfers. LFD does not solicit or sell products directly to the general public. LFD is licensed to engage in broker-dealer activity throughout the United States. LFD is a wholly-owned subsidiary of The Lincoln National Life Insurance Company (“LNL”), which is a wholly-owned subsidiary of Lincoln National Corporation (“LNC”).

**Basis of Presentation**

The accompanying financial statements are prepared in accordance with United States of America generally accepted accounting principles (“GAAP”). Certain GAAP policies, which significantly affect the determination of financial condition, results of operations and cash flows, are summarized below.

The Company and other affiliated entities that provide services to the Company are under common ownership and management control. The existence of this control could result in the Company’s operating results or financial condition being significantly different from those that would have been obtained if the Company were autonomous.

The Company operates in one reportable segment given the similarities of all the products and services provided.

**Summary of Significant Accounting Policies**

*Accounting Estimates and Assumptions*

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions affecting the reported amounts of assets and liabilities and the disclosures of contingent assets and liabilities as of the date of the statement of financial condition. Those estimates are inherently subject to change and actual results could differ from those estimates.

*Cash and Invested Cash*

Cash and invested cash is carried at cost, which approximates fair value, and includes all highly liquid investments purchased with an original maturity of three months or less.

## *Income Taxes*

LNC files a U.S. consolidated income tax return that includes all eligible subsidiaries, including LFD and LNL. Pursuant to an intercompany tax-sharing agreement with LNL, LFD provides for income taxes on a separate return filing basis. The tax-sharing agreement also provides that LFD will receive benefit for net operating losses, capital losses, and tax credits, which may not be usable on a separate return basis to the extent such items may be utilized in the consolidated federal income tax returns of LNC.

Deferred income taxes are recognized, based on enacted rates, when assets and liabilities have different values for financial statement and tax reporting purposes. A valuation allowance is recorded to the extent required. Judgment and the use of estimates are required in determining whether a valuation allowance is necessary and, if so, the amount of such valuation allowance. See Note 2 for additional information.

## *Adoption of New Accounting Standard*

All new Accounting Standards Updates issued by the Financial Accounting Standards Board (“FASB”) were assessed and determined to be either not applicable or insignificant in presentation or amount.

## **2. Income Taxes**

LFD had a current tax liability of \$11, and no deferred tax liability. LFD had no uncertain tax positions for year ended December 31, 2023.

The LNC consolidated group is subject to examination by U.S. federal, state, and local and non-U.S. income authorities. With few exceptions for limited scope review, we are no longer subject to U.S. federal examinations for years before 2020. In the first quarter of 2021, the Internal Revenue Service commenced an examination of our 2014, 2015, 2016, and 2017 refund claims. We are currently under examination by several state and local taxing jurisdictions; however, we do not expect those examinations to materially impact us.

We recognize interest and penalties accrued, if any, related to unrecognized tax benefits as a component of tax expense. For the year ended December 31, 2023, we recognized no interest and penalty related to uncertain tax positions. There was no accrued interest and penalty expense related to the unrecognized tax benefits as of December 31, 2023.

In August 2022, the Inflation Reduction Act of 2022 was passed by the U.S. Congress and signed into law by President Biden. The Inflation Reduction Act of 2022 established a new 15% corporate alternative minimum tax for corporations whose average adjusted net income for any consecutive three-year period beginning after December 31, 2022, exceeds \$1.0 billion. The Inflation Reduction Act of 2022 also established a 1% excise tax on stock repurchases made by publicly traded corporations. Both provisions were effective for tax years beginning after December 31, 2022. We determined that we were not within the scope of the corporate alternative minimum tax for 2023.

## **3. Agreements and Transactions with Affiliates**

In order to be compliant with the Financial Industry Regulatory Authority (“FINRA”) rules regarding proper expense recognition and expense-sharing agreements, LFD has entered into

various cost-sharing agreements with affiliates. Amounts due from affiliates primarily represent amounts due to LFD for the settlement of general and administrative expenses, and taxes and fees, as stipulated in the Master Services Agreement. Amounts due to affiliates primarily represent amounts due to LNL related to separate account 12b-1 fees as well as intercompany cost and tax-sharing agreements.

#### 4. Contingencies

##### *Regulatory and Litigation Matters*

Regulatory bodies, such as the Securities and Exchange Commission (“SEC”) and FINRA, regularly make inquiries and conduct examinations or investigations concerning our compliance with, among other things, securities laws and laws governing the activities of broker-dealers and registered investment advisers. While LFD is involved in various pending or threatened legal proceedings arising from the conduct of business either in the ordinary course or otherwise, such legal expenses are a part of our affiliate cost-sharing agreements. Based on information currently known by management, management does not believe any such charges are likely to have a material adverse effect on LFD’s financial condition.

#### 5. Net Capital Requirements

LFD operates under the alternative standard provisions of the SEC Uniform Net Capital Rule (Rule 15c3-1), which requires the minimum net capital to be the greater of \$250 or 2% of aggregate debit items computed in accordance with the SEC Customer Protection Rule (Rule 15c3-3) reserve requirements. Our operations do not include the physical handling of securities or the maintenance of open customer accounts; therefore, there are no reserve provisions pursuant to Rule 15c3-3. Accordingly, our minimum net capital requirement is \$250.

	<b>As of December 31, 2023</b>
Minimum net capital requirement	\$ 250
Net capital	4,526
Excess net capital	<u>\$ 4,276</u>

#### 6. Subsequent Events

Management evaluated subsequent events for the Company through February 28, 2024, the date the financial statements were available to be issued. Management is not aware of any subsequent events that would require recognition or disclosure in the financial statements.
