[LETTER](#) [REPORT CARD](#) [FINANCIALS](#) [THANKS](#) [DETAILS](#) [SAY HELLO](#)

Dear investors,

Over the past year, Immersed has made remarkable strides in delivering a virtual workplace that truly solves focus and collaboration. We refined our platform, expanded our community, and introduced Visor, our cutting-edge headset that's revolutionizing immersive work (higher resolution than Apple's headset, but 70% lighter weight). Visor has already garnered enthusiastic excitement, attracting new users who share our vision for the next generation of computing. Your support fueled every milestone—thank you for believing in us. We're proud of our progress and can't wait to shape the future of work together.

We need your help!

Share on social media about our latest crowdfunding rounds, help us spread the word about Visor, connect us with potential partners, and contribute user feedback to shape our product's next iteration. We also value introductions to talent in engineering, marketing, and beyond. Your hands-on involvement amplifies our mission and helps us scale more effectively. Referrals and introductions go a long way in helping us expand.

Sincerely,

Renji Bijoy

Founder & CEO/CTO

How did we do this year?

REPORT CARD

☺ The Good

Hit over 1.3B views across social media with \$0 spent on ads (900M views on Youtube alone).

Thousands of Visors were pre-ordered.

Over doubled our userbase.

☹ The Bad

3-month delay in Visor deliveries.

Didn't make as much revenue as we had liked due to Visor delivery delay.

Software revenue stayed linear.
